## About the product

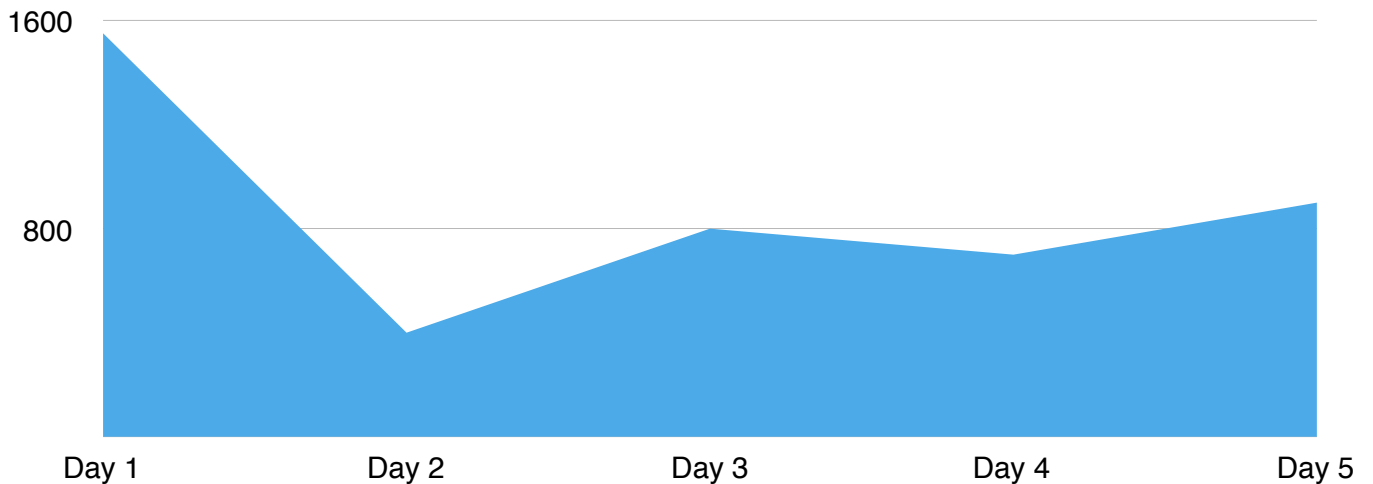

Create stunning designs and prints with Rapide Lite, a feature-rich, commercial quality and affordable 3D printer from Rapide 3D. Rapide Lite 200 offers precision printing at a maximum resolution of 50 microns with speeds up to 150mm per second on a heated build platform of 200 x 200 x 200mm. Featuring Rapide 3D's individually designed X Wing Technology (X Axis) and Q Extruder, which combined increase the precision, efficiency and stability of the printer while, still enabling fine detail finishing.

### **Testimonial**

*"We have engaged the Gadget Flow 4 times and each time we have been impressed with the support and efficiency of the team. The latest outing with them was a pre launch for our Indiegogo campaign which saw us getting to 100% of our target in less than 12 hours. There are a lot of options on the net but when it comes to delivery, the Gadget Flow is the best by far."*
