Product name: Skinners - Ultraportable Footwear

Package: Premium

Listing link: ([click here](#))

Type: Kickstarter project

About the product

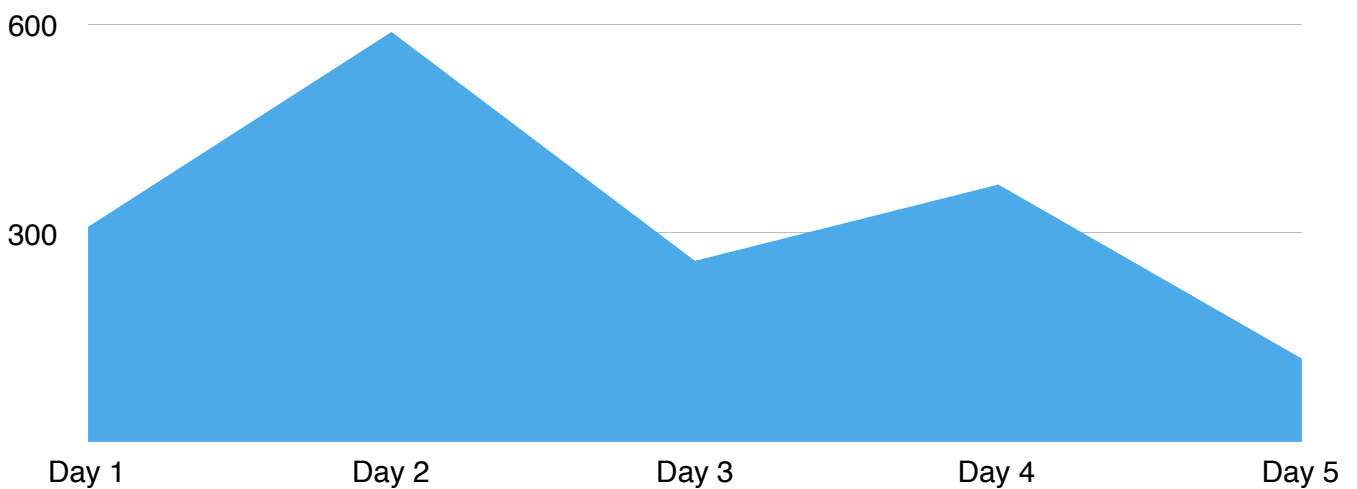

Socks, flip-flops, running shoes. Skinners disrupt this trinity of gym footwear and combine the advantages of each – the freedom of a sock, the great grip and the basic protection of shoes. Enrich your training on natural or soft surfaces and activate all your foot muscles and tendons. Skinners simulates the barefoot experience and forces your feet to adapt to the terrain. A strong athlete starts with strong feet.
